Armando Briseno – General Manager
In-N-Out Burger – 331 Railroad Canyon Rd.
Lake Elsinore, CA. 92532

Dear Mr. Armando Briseno,

Being hired at **In-N-Out Burger** is quite important to me. Not only do I enjoy working to a great extent, but I am seeking to immerse myself into the workforce in the hopes of bettering myself for the future. I am willing to commit completely to your restaurant's location in order to produce the best product possible.

Industry and perseverance are, in my opinion, the two most important aspects of creating an interesting and enjoyable workplace that allows a benevolent legacy to be compiled and understood by customers. I am well suited for this task, as I maintain an overall 4.302 GPA at my high school, and I am prepared to work at your franchise through my previous experience in the work place and in intensive academic environments, both of which I have been commended for my work ethic and efficiency. Furthermore, I am up to task as I possess many skills pertaining to computer science and graphic design, and am never afraid to learn something new. On a broader scale, stress is an aspect of my everyday life, something in which I have overcome continuously, and am confident that I can adapt to any situation. I can assure you with the utmost certainty on every level that I will work my hardest one hundred percent of the time for the job, and will perpetually seek to improve myself in the working environment.

I am eager to start and would love to start whenever is easiest for you. You can contact me at my email or the phone number listed above at nearly any hour in the day. I hope you find that I am the quintessential candidate for the job.

Sincerely,

Gabriel Garcia
